

## NEIGHBORING COUNTRIES DENTAL ASSOCIATIONS' COLLABORATION PLATFORM

Accepted on 28<sup>th</sup> September 2018, at 8<sup>th</sup> Neighbouring Countries Dental Associations' Collaboration Platform Meeting, Ankara, Turkey

### Joint Statement of Neighbouring Countries Dental Associations' Collaboration Platform

#### Rational Use of Antibiotics in Dentistry

1. As Neighbouring Countries Dental Associations' Collaboration Platform's members, we consider antibiotic resistance as an important health problem in our countries and the world.
2. We acknowledge the benefit and importance of implementation and acceptance of "Rational Use of Antibiotics" by all health professionals.
3. We believe that there is a need of continuous and comprehensive work including all elements of "Rational Use of Antibiotics" and National Dental Associations have an important role to play.
